Inventure Academy Whitefield-Sarjapur Campus Table Tennis Team Shines at GEAR Sports Fest 2024! - Victories at the GEAR Sports Festival

Investiture Ceremony at Whitefield-Sarjapur Campus (written by Lasya Mohan Varma, Grade 11)

The Investiture Ceremony this year marked an important milestone in the annual Inventure calendar, celebrating the appointment of the Student Council for 2024-25. The event was extremely vibrant and insightful. Our very own dancers performed a beautiful Bharatanatyam piece, and the song 'Unstoppable' was sung, reminding us to be resilient always.

Our chief guest, Mr Mansoor Ali Khan, Member-Board of Management-Delhi Public Schools(DPS)-Bangalore and Mysore, Secretary, All India Congress Committee Telengana in-charge), shared his leadership experiences across multiple fields, including education and politics, and emphasized the importance of serving the school community. His words inspired the Student Council and left them eager to make their mark.

As Student Council members were called onto stage and their badges pinned, they received an overwhelming round of applause from the audience. They proudly held the school flags and took the oath, promising to honor the trust of all those who appointed them.

The former School Captains left the new Student Council with a few encouraging words before handing over the Student Council Handbook to the newly appointed School Captain (Lasya Mohan Varma) and School Vice Captain (Jaahnavi Maheshwari) indicating the transfer of duty from one Council to the next. The ceremony came to a close with a vote of thanks given by the School Captain and School Vice Captain. They conveyed their appreciation for everyone who supported them and expressed their eagerness to embark on their new leadership journeys.

First Investiture Ceremony at Inventure Academy Yeshwanthpur Campus

The Investiture Ceremony at Inventure Academy Yeshwanthpur campus on July 23, 2024, was a grand event, embodying the school's commitment of fostering leadership among its students. The ceremony began with an invocation dance, followed by the lighting of the ceremonial lamp by distinguished guests, including the Chief Guest- Inspector Muralidhara M.K, our Managing Trustee, CEO and Co-Founder Ms. Nooraine Fazal, and Head of School Mr. Ramesh Hariharan.

Ramesh Hariharan introduced the Chief Guest, who delivered an inspiring speech, emphasizing the importance of leadership and integrity. The school choir then performed the empowering song; 'Try Everything' by Shakira. The highlight of the event was the pinning of badges, where Student Council members were formally inducted. House Advisors and Student Council Advisors pinned the badges, symbolizing the passing of responsibility.

Nooraine Fazal administered the oath of office, underpinning the council members' commitment to their duties. The newly elected Council members, resplendent in their sashes and badges, pledged to uphold the school's values and lead with integrity. Nooraine's inspiring address emphasized the importance of leadership and service, encouraging the Council to be role models for their peers.

The School Captains, Vedanth Kashyap and Kabir Basnett, delivered the vote of thanks, expressing their gratitude and outlining their vision for the year ahead. The event not only celebrated the new leaders but also highlighted Inventure Academy's dedication to developing future change-makers. This investiture ceremony was particularly poignant, given that this was the first investiture after the inauguration in 2023, of Inventure Academy, Yeshwanthpur Campus.

A Day of Artistic Exploration at the Museum of Art and Photography (written by Kabir Basnett - Grade 7)

On Friday, 26th of July, grades 5-8 of Inventure Academy Yeshwanthpur went on a field trip to MAP, the Museum of Art and Photography. We departed eagerly from school on a bus, full of fun and anticipation. We arrived at the museum which had interesting graffiti painted on the walls, and some beautiful sculptures at the entrance. Once we entered the building, we met with our guides, who navigated us through the various displays.

We walked up a flight of stairs, and into the exhibition hall. The exhibition was called 'Outside In: Meera Mukherjee and Jaidev Baghel'. We were introduced to metal casting, a dying art form, and the work of these two artists who work in that form. We were told how Meera's art was more realistic, and how both were inspired by everyday happenings. Later, we were given a brief insight to this art form, through a display and a video clip.

Towards the end of our trip, we were given a small task. We were asked to make a sculpture out of tinfoil, with a story behind it. Similar to the works of Meera and Jaidev, the inspiration for our story was to be drawn from everyday life. All of us shared our impressive statuettes and the compelling stories behind them! We left the museum with a newfound inspiration and admiration for this creative form of art.

Immersive Learning Adventure at Inventure Academy Whitefield-Sarjapur Campus (written by Vedant Kashyap - Grade 8)

On the 24th and 25th July, we Middle Schoolers from the Yeshwanthpur Campus went to Inventure Academy, Whitefield-Sarjapur Campus, for our immersive learning experience. In immersive learning, we understood more about the PBL (Problem Based Learning) statement of our chosen subject. The end result of this PBL cycle was a solution to the problem statement.

We conducted various experiments to find these solutions and also listened to guest lectures where we learnt even more about the topic. We also had fun and interacted with our new friends from the Whitefield-Sarjapur Campus during breaks.

On the second day, we continued with our inquiry journals and experiments. Once this was completed, we started working towards the final solution by making models and prototypes. We also made posters and presentations which we will showcase with the final solutions at the forthcoming Celebration of Learning. At the end of the day, we took a tour of the campus and were awestruck by how huge and beautiful the campus is.

Overall, we had a fun and exciting 2 days, where we learnt much more about our PBL statement and found the final solution, which we will be working on at the Yeshwanthpur Campus. We made new friends and met new teachers, and enjoyed the Immersive Learning experience.

Please use the link to listen to a [Grade 6 student](#) speak about the experience!

Inventure Academy Whitefield-Sarjapur Campus Table Tennis Team Shines at GEAR Sports Fest 2024!

Our talented table tennis players brought home impressive results from the highly competitive GEAR Sports Fest 2024.

We are incredibly proud of our team's hard work and dedication. Their exceptional performance is a testament to their commitment and the school's sports program.

Congratulations to the entire team and their coaches!

The winners are named below:
