## A Day of Gratitude: Teacher's Day at the Inventure Campuses

Our campuses were abuzz with excitement on 5 September, as Teacher's Day was celebrated with customary gusto. The campuses were transformed into a vibrant canvas of gratitude, where students poured out their appreciation for their beloved teachers.

The students organised a programme where participants from all Grades took turns to express admiration and gratitude to their educators. From heartwarming speeches, quizzes, melodious songs and lively dances, the performances were a testament to the deep bond between students and their teachers.

The teachers were showered with gifts, cards and other tokens of affection, and day was a reminder of the profound impact teachers have on the lives of the students.

Inventure believes that teachers are more than just educators; they are guides, mentors, and friends. On Teacher's Day, we celebrated the dedication, passion and unwavering commitment of our incredible teaching staff, and their tireless efforts at nurturing young minds and inspiring a love for learning.

## Love & Appreciation from our Tiny Tots at the Whitefield-Sarjapur Campus

As part of their Community Outreach Programme, the tiny tots at WFS Kindergarten decided to express their gratitude to the wonderful 'Didis' who care for them every day. Armed with sticky notes and coloured marker pens, the little artists created unique cards to express their love and appreciation to the 'Didis'.

When these little, heartfelt messages were handed over, the 'Didis' were overwhelmed by the love and creativity that had gone into each card. It was a heartwarming moment, to witness the special bond between the little ones and their caregivers.

## A Field Trip to the Sarjapur IBO Store

Our Design Technology students from Grades 11 and 12 of the Whitefield-Sarjapur Campus recently embarked on a thrilling field trip to the IBO Hardware Store, the ultimate destination for innovative ideas on home building and improvement. This immersive experience brought our classroom learning to life as students explored a vast array of products, from cutting-edge gadgets to eco-friendly materials.

Students held insightful discussions with the experts at the store, and actually got down to testing some of the tools. It was like a real-life design lab, where theoretical concepts transformed into tangible experiences.

One of the students could not contain his excitement: "I have been dreaming about this trip for weeks! Seeing all these products up close has inspired me to think beyond the ordinary in my own designs", he exclaimed.

This field trip wasn't just about learning, it was about igniting passion. As our students left IBO, they were armed with a newfound appreciation for the world of design and a yearning to create something out of the ordinary.

### **Ekya School Sports Fest 2024: A Day of Athletic Triumphs**

Students from the Whitefield-Sarjapur Campus participated in the Ekya School Sports Fest 2024. The event was a great spectacle of athleticism and camaraderie that left everyone in awe. The field came alive with energy and passion, as athletes pushed their boundaries and strove for victory. The camaraderie among the students was truly inspiring, as they cheered each other on and celebrated both triumphs and setbacks together.

As the day drew to a close, the winners were celebrated with pride and the spirit of sportsmanship. The Ekya School Sports Fest 2024 was more than just a competition; it was a celebration of youth, talent, and the enduring spirit of sports.
