## Yeshwanthpur Campus Hosts an Inter-school M.I.X Meet

On August 30th, our Yeshwanthpur Campus hosted the Multiple Intelligences Xplored (M.I.X.) event, an exhilarating interschool challenge for students from Grades 1 to 8. Inspired by Howard Gardner's theory of multiple intelligences, M.I.X. aims to highlight the diverse strengths of our children and the importance of nurturing them for holistic development.

The event, which was a resounding success, attracted participation from 7 top rated schools in Bengaluru, and was judged by an eclectic panel of independent judges. Nooraine Fazal, our Managing Trustee, Co Founder and CEO delivered the inaugural address and exhorted the participants to make the right choices in life and strive tirelessly towards perfection and excellence. The M.I.X. event consisted of six engaging team challenges designed to help students discover and utilize their multiple intelligences. Through these challenges, students learned to solve problems, express themselves creatively, and stretch their abilities. The event was not only fun but also provided students with valuable learning experiences and boosted their confidence.

In today's AI-driven world, it is beneficial to cultivate a variety of intelligences, including intrapersonal, interpersonal, kinesthetic, and naturalistic. Additionally, harnessing the power of AI tools requires a strong foundation in visual, logical, musical, and verbal intelligences.

The winning school was Vidyashilp Academy, and Inventure Academy, Yeshwanthpur Campus were the runners up. Congratulations to all the participants for their outstanding performance.

## Trading, Debating, and Pitching: A Thrilling Commerce Fest for Grades 9 to 12 at the Whitefield-Sarjapur Campus

Inventure Academy's Commerce Fest was a captivating event that ignited students' passion for business, economics, and finance. Through a series of competitive activities, students had the opportunity to explore the exciting world of commerce and hone their entrepreneurial skills.

The Commerce Fest offered a diverse range of activities, each designed to challenge and inspire students. Mock Stock provided a thrilling simulation of the stock exchange, where students could trade shares and experience the ups and downs of the market. The Penny for Your Thoughts debate sparked lively discussions on pressing economic issues and encouraged students to articulate their views and engage in critical thinking.

In Moneyball, students combined their financial acumen with their love of sports. They participated in an auction for a football team and then competed on the field, demonstrating their strategic thinking and business skills. The Hot Potato Challenge put participants under pressure as they faced unexpected business crises, requiring quick thinking and effective decision-making.

The Pitch for Progress Competition showcased students' innovative spirit as they presented sustainable business ideas. Finally, the Achilles Heel Quiz tested participants' knowledge and quick thinking in a high-pressure commerce and finance competition.

The Commerce Fest at Inventure Academy was a resounding success, providing students with a unique and enriching experience. Through these engaging activities, students gained valuable insights into the world of business, developed essential skills, and discovered their entrepreneurial potential. The event was a testament to Inventure's commitment to fostering a culture of innovation and academic excellence.
