The Joy of Giving - Kindergarten at Whitefield-Sarjapur Campus

The Christmas season is upon us, and our learners in the spirit of 'The Joy of Giving' and as part of our community outreach program, visited an old age home- Asha Bhavan. They took gifts which they had collected, and handed them over to the residents.

To spread the Christmas cheer, the learners sang carols and wished all the residents a 'Merry Christmas and a Happy New Year'. Upon returning to school, they reflected on the Joy of Giving and shared how making others happy brought such immense joy to them.

Kindergarteners at the Yeshwanthpur Campus Create an Ocean Habitat

Over the last two weeks, our Kindergarteners embarked on an exciting 'underwater' adventure, inspired by Marianne Berkes's book 'Over the Ocean in a Coral Reef'.

They immersed themselves in creative activities, crafting beautiful ocean animals that showcased their artistic talents. Each child drew their favourite sea creatures, expressing their imagination and love for the marine world.

They built an ocean habitat, complete with seagrass and corals, and collaboratively created a giant ocean mural on the floor, filling it with colourful sea creatures.

Through hands-on playdough activities, the children sculpted their own ocean animals, enhancing their sensory and spatial skills. These engaging activities fostered a love for learning and exploration, as our little ones discovered the wonders of the ocean.

A Theatrical Triumph by Inventure Academy

Our 2024 production, 'Losing Ground', was a captivating murder mystery that delved into the complexities of human choices and societal pressures. Directed by Arati Sunawala and her talented team, including our young Assistant Director Kushagr Karn of Grade I I (Whitefield-Sarjapur), the play explored themes of family, guilt, and redemption.

From stunning set design to engaging social media campaigns, our students played a pivotal role in every aspect of the production. Their dedication and creativity brought the story to life, captivating audiences with powerful performances. Beyond entertainment, 'Losing Ground' aimed to make a positive impact.

Relay-Bronze
